No.DC(SA)/PA/Misc/2018

Port Blair, dated 22nd June 2018

Dear Sir,

The Department of Land Resource, Ministry of Rural Development, Govt in association with National Informatics Centre has developed a National Generic Document Registration System (NGDRS)* an online portal to automate the document registration process in Sub Registrar Offices of the country. The NGDRS application was taken up for implementation in A & N UT by NIC with the approval of A & N Administration. The portal has been customized to suit the property registration process followed at Sub Registrar Offices (SRO) in A & N islands. The Portal has undergone testing process by SRO Office and UAT has been submitted by A & N Admin to NIC. The NGDRS for A & N islands is hosted in NIC Cloud at New Delhi and can be accessed over internet at "www.onlineregistrationani.gov.in". Also training of all the modules has been given to the officials/Staffs of SRO, Port Blair.

The NGDRS System is ready for the launch and may go live. In this regard we are planning for the launch in the month of June 2018. It would be a privilege, if Hon'ble Minister of Rural Development and Panchayati Raj system launches the NGDRS system for the Islands. Secretary DoLR and DG NIC have already consented to join the launch.

Therefore, it is requested that consent of the Hon'ble Minister along with date and time may be communicated as per his convenience

With warm Regards

Yours Sincerely

(Udit Prakash Rai)
