

**User Acceptance
For
National Generic Document Registration System
(NGDRS)**

Date: 20-08-2019

This document gives the acceptance for usage of NGDRS project in Himachal Pradesh state. Following procedure was adopted for the issuance of User Acceptance Test (UAT).

1. National Informatics Centre has created a test instance initially
2. Thereafter the IGR department has identified 2 pilot SR offices and entered all rules and rates details in the instance created by NIC
3. The instance was handed over to pilot SR offices with proper training and resources
4. The respective SR officers tested the instance thoroughly with different articles and documents were generated from the software
5. Upon satisfaction SR has submitted acceptance report to IGR at state level
6. Later on rollout on wide scale was taken up by the government
7. After a substantial rollout through the state and feedback received from SR offices and predicting satisfaction index of citizens, the state has in principal agreed for adoption of NGDRS software.

NGDRS project is comprised of 11 modules; following major modules are implemented in the state.

1. Citizen module
2. SR module
3. Configuration module
4. Administration module
5. Appointment module
6. Stamp duty and fee calculator
7. User management
8. Property valuation
